

Request from the artist

IMG_0383#instalost (edition number: ...) is a digital media image that I have created from my own photographic source.

My decision to make it available as a JPEG rather than a printed image may seem unconventional, but it is an acknowledgement of the democratic viewing flexibility that the digital world offers the individual.

Please use the image as you wish --- anything from a large printed art image for your wall to a unique screensaver.

It has been made to exist as a visual artwork, so I have chosen to limit the edition of available JPEGs to 25 – and must ask that, to respect this status, you keep it for your own use and don't circulate it.

I release this image with trust and the hope that it brings you much pleasure.

Thank you for your support.

A handwritten signature in black ink, appearing to read 'Yolanda Warnich', written in a cursive style.
